 7-501A 20mm x  
 45mm blades at 50mm  
 c/c  
 American Red Oak  
**Quantity:**  
 187m<sup>2</sup>

LSA Projects Ltd are proud to share with you one of our latest Volvo Showroom projects. Since 2015 Volvo have been refurbishing their UK showrooms under a masterplan by MEDA Architects who have kindly specified Shiluvit panels. So far LSA Projects have supplied to almost 20 showrooms with many more to come.

The specification for the Volvo showrooms is American Red Oak in the 7-501A format which has 20mm wide and 45mm deep blades at 50mm centres. This panel type allows for 60% open area meaning that installations with 20mm of LSA Black acoustic lining achieve acoustic class A; perfect for busy car showrooms and workshops.

Each showroom uses Shiluvit panels as a feature above the main reception desk following through above the waiting areas, meeting rooms, and offices. The warmth of the Oak panels makes for a great contrast against the clean white interior of the showrooms.

Many thanks to MEDA Architects for their continued support of our products.

Shiluvit by Oranit is available in the UK only through LSA Projects Ltd.

If this inspires you for one of your projects we would love to hear from you!

Please follow the link on the right to download the Oranit brochure.
