

GUSTAFS ::
PANEL SYSTEM®

Project: Cardiff Central Library

Architect: Stride Treglown

Product: GUSTAFS Panel System®

Over 800 m² of FSC maple panelling with a PH8 perforation was installed to the ceilings at Cardiff Central Library.

"We selected the Gustaf's perforated maple veneer panelling for Cardiff Central Library to ensure that the acoustics across the top floor were maintained, whilst providing a superior aesthetic finish, complementing the glulam gridshell roof form."

Anthony Walsh, Senior Associate, Stride Treglown

If this inspires you for your current projects, we would love to hear from you!

LSA are exhibiting the GUSTAFS Panel System® at:

9-10 May 2012
Business Design Centre
London

Stand 32, Mezzanine

Please put the dates in your diary and join us for some traditional Swedish "Fika"!
